SUBJECT INDEX

A

- Abstract identities
 - where to find Africa in the nation, 134
- Adaptability
 - evolutionary reproductive ecology and, 347, 365-67
- Advantage
 - perception of human human genome research and society, 480
- Afghanistan
 - nationalism and archaeology, 228, 242
- Africa
 - genetic architecture of modern populations, 154-55, 163-67
 - genetics of modern human origins and diversity, 1-11, 14, 18-19
 - globalization and culture areas, 441
 - human genome research and society, 486
 - multiple modernities and world religions, 95, 97
 - nationalism and archaeology, 225, 234, 236
 - paleodemography and, 389-90
 - where to find Africa in the nation, Brazilian ethnic paradigm, 142-49
 - where to find Africa in the nation
 - ethno-racial paradigm, 135-49
 - localizing influence, 129-31
 - national constructions of race, 135-37
 - North American ethnic paradigm, 137-42
 - North American myth of separation and its critics, 131-35
 - racisms, 135-49
 - reciprocating gaze, 137-42
 - repatriating gaze, 142-49
- African diaspora
 - archaeology of
 - African identity, 66-69
 - beginnings, 64-66
 - freedom from slavery, 69-73
 - introduction, 63-64
 - race, 73-76
 - relevance, 76-78
- Afro-Americans
 - where to find Africa in the nation, 129-49
- Afro-Brazilians
 - where to find Africa in the nation, 129-49
- Afro-European hybridization model
 - genetics of modern human origins and diversity, 2-3
- Age estimation
 - paleodemography and, 375-93
- Agency
 - archaeology of symbols and, 329-42
- Akowe clan
 - Wittgenstein and anthropology, 184
- Albania
 - local linguistic communities and, 421
- Algiers
 - nationalism and archaeology, 228
- Al-nizam-al-islami*
 - multiple modernities and world religions, 91
- Altaic language
 - linguistic taxonomy and, 453
- Alterity
 - anthropology at home and, 116-22
 - where to find Africa in the nation, 130
- Alu* insertion polymorphisms
 - genetic architecture of modern populations, 160-61
 - genetics of modern human origins and diversity, 9-13, 15
- American English
 - local linguistic communities and, 421
- Amerindians
 - paleodemography and, 393
- American Southwest
 - Mission archaeology and, 34-38
- Americas
 - Christianization of, Mission archaeology and, 25-54
- Among-group variation
 - genetics of modern human origins and diversity, 12, 16
- Anakalanges
 - local linguistic communities and, 419
- Ancient society
 - archaeology of symbols and, 329
- Antagonistic pleiotrophic effects
 - comparative demography of primates and, 217
- Anthropological linguistics
 - local linguistic communities and, 401-23
- Anthropology
 - history of research, xiii-xxviii
- Anthropology at home
 - alterity, 116-22
 - alternative viewpoint, 115-16
 - antecedents, 107-8
 - anthropology of anthropology, 110
 - Brazil, 116-22
 - conferences of 1970s, 109-10
 - contact with otherness, 118-19
 - doing, 110-12
 - introduction, 105-7
 - nearby otherness, 120-21
 - otherness in context, 122
 - perspectives, 122-23
 - post-exotic anthropology, 112-14
 - radical otherness, 117-18
 - radical us, 121

- relations of power and self-reflection, 108–10
 - United States, 111–12
 - worries in the center, 107–8
 - Anti-assimilationist unintelligibility
 - where to find Africa in the nation, 145
 - Antimicrobial resistance
 - re/emerging infectious diseases and, 260–62
 - Applied science mode
 - local linguistic communities and, 414
 - Arapesh
 - globalization and culture areas, 440
 - Arbitrary fragments
 - archaeology of symbols and, 329
 - Archaeology
 - African diaspora and, 63–78
 - Mission, 25–54
 - nationalism and, 223–43
 - paleodemography and, 375–93
 - symbols and, 329–42
 - Architecture
 - genetic
 - modern populations and, 153–67
 - Areal linguistics
 - local linguistic communities and, 409
 - Argentina
 - nationalism and archaeology, 233, 235, 237
 - where to find Africa in the nation, 144
 - Aristocratic elite
 - where to find Africa in the nation, 147, 148
 - Armchair comparativism
 - globalization and culture areas, 433–34
 - Armenia
 - linguistic taxonomy and, 453–54
 - nationalism and archaeology, 232
 - Aryan invasion
 - of Indian subcontinent
 - nationalism and archaeology, 237
 - Asia
 - genetics of modern human origins and diversity, 3–4, 6, 11
 - globalization and culture areas, 427–43
 - multiple modernities and world religions, 93–95
 - nationalism and archaeology, 225, 234, 237
 - paleodemography and, 382, 390
 - Assimilation model
 - genetics of modern human origins and diversity, 2–3
 - Auricular surface of ileum
 - paleodemography and, 385–86
 - Australasia
 - genetics of modern human origins and diversity, 3, 6
 - Australia
 - genetics of modern human origins and diversity, 4
 - local linguistic communities and, 410
 - nationalism and archaeology, 234, 237
 - Austronesian speakers
 - genetic architecture of modern populations, 163
 - Autarkic villages
 - multiple modernities and world religions, 93
 - Authorized language
 - local linguistic communities and, 412
 - Azande
 - Wittgenstein and anthropology, 184–85, 189
 - Aztecs
 - nationalism and archaeology, 234
- B**
- Bahasa
 - local linguistic communities and, 404
 - Bali
 - multiple modernities and world religions, 93–94
 - Balkans
 - nationalism and archaeology, 224
 - Baptists
 - multiple modernities and world religions, 88
 - Barrio
 - multiple modernities and world religions, 96
 - Behavior
 - evolutionary reproductive ecology and, 350
 - Behavioral ecology
 - culture in nonhuman primates and, 301–23
 - Belgium
 - local linguistic communities and, 421
 - Belief
 - questions of
 - Wittgenstein and anthropology, 171, 188–91
 - Berbers
 - Wittgenstein and anthropology, 189
 - Best-fitting tree
 - genetics of modern human origins and diversity, 7
 - Beta-globin gene
 - genetics of modern human origins and diversity, 13
 - Bias
 - genetic architecture of modern populations, 164
 - genetics of modern human origins and diversity, 9
 - paleodemography and, 377, 383, 386, 388
 - Bifurcations
 - genetic architecture of modern populations, 165
 - genetics of modern human origins and diversity, 18
 - Biomedical information
 - human variation and, 273, 275–79
 - Biological materials
 - human genome research and society, 488–90, 495
 - Biopiracy
 - human genome research and society, 497
 - Bird nester myths
 - Wittgenstein and anthropology, 174
 - Birth
 - first
 - evolutionary reproductive ecology and, 350–54
 - human genome research and society, 479–81
 - paleodemography and, 377, 391–92
 - Bislama
 - local linguistic communities and, 417–18
 - Blacks
 - where to find Africa in the nation, 133, 138–41, 144–49
 - “Bleaching”
 - cosmetic
 - where to find Africa in the nation, 134
 - Blind obedience
 - to rules

- Wittgenstein and anthropology, 175-76
- Bocage
 - Wittgenstein and anthropology, 189
- Bone distribution changes
 - paleodemography and, 386-87
- Boosterisms
 - local linguistic communities and, 419
- Border cultures
 - where to find Africa in the nation, 135
- Borneo
 - globalization and culture areas, 436
- Bottlenecks
 - genetic architecture of modern populations, 156-57, 165-66
 - genetics of modern human origins and diversity, 10
- Brass polynomial method
 - comparative demography of primates and, 206-9
- Brazil
 - anthropology at home and, 116-22
 - genetic architecture of modern populations, 162
 - multiple modernities and world religions, 97
 - where to find Africa in the nation, 129-49
- Britain
 - multiple modernities and world religions, 96
 - nationalism and archaeology, 227, 230, 236-37
- British Columbia
 - local linguistic communities and, 421
- Buddhism
 - multiple modernities and world religions, 84, 90, 92, 94-95
- Builder's scene
 - Wittgenstein and anthropology, 173
- "Bulldog Breed"
 - where to find Africa in the nation, 137
- Burial customs
 - paleodemography and, 376-78
- C**
 - California
 - Mission archaeology and, 43-48
 - paleodemography and, 378
 - Callithrix jacchus*
 - comparative demography of primates and, 201, 207
 - Canada
 - local linguistic communities and, 421
 - Capability
 - Wittgenstein and anthropology, 171
 - Capuchin monkeys
 - culture in nonhuman primates and, 310-12
 - Carlston-Annis site
 - paleodemography and, 386
 - Casa grande*
 - where to find Africa in the nation, 147
 - Catholicism
 - multiple modernities and world religions, 88-89, 93
 - where to find Africa in the nation, 143, 146
 - Caucasus
 - nationalism and archaeology, 224
 - Cebus* spp.
 - culture in nonhuman primates and, 310-11
 - Celebrity DNA
 - human genome research and society, 495
 - Cementum annulation
 - method
 - paleodemography and, 388
 - Cemeteries
 - paleodemography and, 375-93
 - Census size
 - genetic architecture of modern populations, 157-58
 - "Central Dogma"
 - human genome research and society, 474
 - Child-care strategies
 - evolutionary reproductive ecology and, 347, 360-61
 - Childbearing
 - human genome research and society, 479-80
 - Children
 - paleodemography and, 381-82, 392
 - Wittgenstein and anthropology, 173-78
 - Chimeras
 - human genome research and society, 486
 - Chimpanzees
 - comparative demography of primates and, 202-19
 - culture in nonhuman primates and, 317-21
 - genetics of modern human origins and diversity, 7, 17
 - China
 - nationalism and archaeology, 233, 237
 - Christianity
 - human genome research and society, 486, 495
 - local linguistic communities and, 410, 418-19
 - Mission archaeology and, 25-54
 - multiple modernities, 83-100
 - nationalism and archaeology, 232, 239
 - where to find Africa in the nation, 132, 143, 146
 - Civic religion
 - multiple modernities and world religions, 88-89, 92
 - Cladogenesis
 - genetics of modern human origins and diversity, 2
 - Climatic shifts
 - genetics of modern human origins and diversity, 15
 - Cloning
 - human genome research and society, 477-78
 - Cluster analysis tree
 - genetics of modern human origins and diversity, 11
 - Coalescence
 - genetics of modern human origins and diversity, 5-9, 17
 - Coalescent of the tree
 - genetic architecture of modern populations, 160
 - Codebreaking
 - archaeology of symbols and, 341
 - Code mixing
 - local linguistic communities and, 407, 413, 416
 - Code switching
 - local linguistic communities and, 407, 411, 413-14, 416
 - Cognitive operations
 - where to find Africa in the nation, 129
 - Cognitive structures
 - archaeology of symbols and, 329

- Colonialism
 - nationalism and archaeology, 226
 - politics and poetics of dance, 503, 506–10
- Communication
 - local linguistic communities and, 401–23
- Comparative demography
 - of primates
 - chimpanzees, 202–19
 - contemporary humans, 202–3, 208
 - evolution of life histories, 216–19
 - fertility patterns, 206–10
 - introduction, 197–99
 - New World monkeys, 201–2
 - Old World monkeys, 202
 - overview, 210–16
 - perspectives, 218
 - prehistoric humans, 202, 212
 - primate model life table systems, 199–201
- Comparative linguistics
 - linguistic taxonomy and, 451–70
- Comparativism
 - globalization and culture areas, 433–34
- Complexity
 - human variation and, 273
- Complexity of the inner
 - language and, Wittgenstein and anthropology, 187–92
- Complex speech communities
 - local linguistic communities and, 405
- Confidence interval
 - genetics of modern human origins and diversity, 7–8
- Conklin HC, xiii–xxviii
- Consent
 - human genome research and society, 473–99
- Constant interobserver disagreement
 - paleodemography and, 385
- Constraints
 - evolutionary reproductive ecology and, 347, 366–67
- Constructions of nations
 - nationalism and archaeology, 223–43
- Consumers
 - where to find Africa in the nation, 140
- Contact with otherness
 - anthropology at home and, 118–19
- Contamination
 - where to find Africa in the nation, 136
- Contemporary humans
 - comparative demography of primates and, 202–3, 208
- Contemporary diversity
 - genetic architecture of modern populations, 164–66
- Context
 - anthropology at home and, 105–23
- Contextual adaptability
 - evolutionary reproductive ecology and, 347
- Contextual constructivism
 - nationalism and archaeology, 233
- Contextualization
 - local linguistic communities and, 401–23
- Conversion
 - Mission archaeology and, 25–54
 - multiple modernities and world religions, 83–100
- Corporeality
 - Wittgenstein and anthropology, 190–91
- Cosmopolitan reenvisioning
 - globalization and culture areas, 435
- Costa Rica
 - comparative demography of primates and, 203–4, 208–12, 214
- Costochondral joints
 - paleodemography and, 386
- Cranial suture closure
 - paleodemography and, 384
- Craniometrics
 - genetics of modern human origins and diversity, 10–12
- Cree tribe
 - local linguistic communities and, 407
- Creole languages
 - local linguistic communities and, 402, 409, 413
- Cro-Magnons
 - genetics of modern human origins and diversity, 18
- Cross-checking
 - globalization and culture areas, 443
- Cults
 - multiple modernities and world religions, 91–93
- Cultural diversity
 - archaeology of symbols and, 329
 - where to find Africa in the nation, 130, 134–36
- Cultural evolution
 - culture in nonhuman primates and, 301–23
- Cultural imagination
 - Mission archaeology and, 28–30
- Culturalist perspective
 - where to find Africa in the nation, 133
- Cultural reality
 - archaeology of symbols and, 329, 331–32
- Culture
 - history of research, xiii–xxviii
 - local linguistic communities and, 401–23
 - nationalism and archaeology, 223–43
 - nonhuman primates and, 301–23
 - politics and poetics of dance, 503, 506–10, 520–27
 - where to find Africa in the nation, 129–49
- Wittgenstein and anthropology, 171–93
- Culture areas
 - globalization and, 427–43
- Curve of deaths
 - paleodemography and, 389
- Customs
 - Wittgenstein and anthropology, 178–79

D

- Dance
 - politics and poetics of body, 520–27
 - colonialism, 506–10
 - culture, 520–27
 - ethnicity, 510–14
 - feminist theory, 519–20
 - gaze, 519–20
 - gender, 516–20
 - global context, 514–16
 - introduction, 503–5
 - movement, 520–27
 - nationalism, 510–14
 - perspectives, 527–28
 - politics, 505–16
 - reception, 519–20
 - sexuality, 517–19
 - women, 517–19

Danger
nationalism and archaeology, 223
"Darkness of this time"
Wittgenstein and anthropology, 192-93
"Dark side of self"
where to find Africa in the nation, 145-46
Darwinian assumption
evolutionary reproductive ecology and, 347
Daughter populations
genetics of modern human origins and diversity, 10
Demography
evolutionary reproductive ecology and, 347-69
genetics of modern human origins and diversity, 1
modern human origins and diversity, 10, 12-17
paleodemography and, 375-93
primates and, 197-19
Denmark
nationalism and archaeology, 228
Denominationalism
multiple modernities and world religions, 99
Denotational language
local linguistic communities and, 402, 406, 409, 417, 423
Dentition
paleodemography and, 386
Destiny
human genome research and society, 473, 495-96
Differences
anthropology at home and, 105-23
evolutionary reproductive ecology and, 365
modern human origins and diversity, 1, 11-12
Differential emphasis
local linguistic communities and, 401-23
Differential parental investment
evolutionary reproductive ecology and, 347-69
Differentiated terrain of ideology
where to find Africa in the nation, 140
Differentiation
of species
genetic architecture of

modern populations, 153-67
Diglossia with bilingualism
local linguistic communities and, 413
Dimorphism
paleodemography and, 379
Discourses
globalization and culture areas, 442
local linguistic communities and, 419-23
Discrimination
human genome research and society, 481-83
where to find Africa in the nation, 129
Disease history
re/emerging infectious diseases and, 247-65
Distance
genetic
modern human origins and diversity, 1-19
linguistic
linguistic taxonomy and, 451-70
Divergence
genetic
modern human origins and diversity, 17
DNA
genetics of modern human origins and diversity, 1-19
human genome research and society, 473-99
Drift
genetic
modern human origins and diversity, 4-5

E

East Asia
genetics of modern human origins and diversity, 3, 11
globalization and culture areas, 431
Eastern Europe
multiple modernities and world religions, 89
nationalism and archaeology, 224
Eastern religions
where to find Africa in the nation, 146
Eastern Woodland groups
paleodemography and, 393
Ecology
culture in nonhuman primates and, 301-23

evolutionary ecology of human reproduction, 347-69
history of research, xiii-xxviii
re/emerging infectious diseases and, 247-65
Effective population size
genetic architecture of modern populations, 153-67
genetics of modern human origins and diversity, 1-19
Effort
evolutionary reproductive ecology and, 348-50
Egalitarian society
local linguistic communities and, 417
Egypt
nationalism and archaeology, 228
Elders
Wittgenstein and anthropology, 173
Embodiment
politics and poetics of dance, 503-28
Empirical solutions
nationalism and archaeology, 223
Encoded ethnic knowledge
where to find Africa in the nation, 129
Endangered languages
local linguistic communities and, 421
England
multiple modernities and world religions, 86, 95, 97
English language
linguistic taxonomy and, 452-53
local linguistic communities and, 404, 413, 421
Entextualization
local linguistic communities and, 401-23
Environment
history of research, xiii-xxviii
Episcopalianism
multiple modernities and world religions, 88
Epistemology
archaeology of symbols and, 329
Ergoticity
comparative demography of primates and, 210, 213
Essenes
multiple modernities and world religions, 98

- Essentialism
 nationalism and archaeology, 225
 where to find Africa in the nation, 145
- Ethics
 human genome research and society, 473-99
 human variation and, 273
 nationalism and archaeology, 241-43
